```java
package p2;

public class InstanceCounter {
    private static int counter;

    public InstanceCounter() {
        ++ counter;
    }

    public static int getcounter() {
        return counter;
    }
}
```

//

```java
package p2;

public class program {

    public static void main(String[] args) {
        // TODO Auto-generated method stub

        System.out.println(InstanceCounter.getcounter());
        InstanceCounter p = new InstanceCounter();
        System.out.println(InstanceCounter.getcounter());

    }

}
```

//
